

FAQ

Welcome to our Frequently Asked Questions about Ludo

What is Ludo?

Ludo is a play based early learning and care program for children aged between 3 and 5 years of age, based in selected Catholic Schools in Tasmania. Our program provides education and care on children's non-Kinder days, after Kinder care, before Kinder care and, during school holidays.

Ludo provides the ability for smooth transitions into Kindergarten, with relationships being built with both teaching staff and our Ludo educators.

Ludo programs are based in purpose built, indoor and outdoor play spaces, with the designs being carefully considered to meet the needs of our most important stakeholders...children.

Additional days are available to all children during the school holidays, providing we have available spaces.

The Fee Structure will be reviewed annually to ensure our programs are both accessible and sustainable.

If my child is in Kinder, can they access CatholicCare's Outside School Hours Care (OSHC) programs?

Your child won't attend Outside School Hours Care with school aged children however, they will access similar age appropriate programs within our Ludo spaces.

Kinder age children will use the purpose-built spaces designed for them and their peers, and utilise the Before Kinder Care and the After Kinder Care sessions of Ludo.

What are the benefits of my child staying within the Ludo program?

- Children have less transitions from one area to another
- Consistency for children with their educators, friends, and play spaces
- Children will develop and create friends who share the same interests
- Children's relationships will strengthen with the Kinder teacher for the Kinder year, Ludo educators and vice versa
- The ratio of care will be beneficial for a 4 to 5-year-old child, with a 1:10 ratio rather than the 1:15 in OSHC
- When children commence Kinder they don't have to "go back" to child care – their self-identity is now of a "big person"

Are Ludo programs lunch box services?
